K-14 schools were \$56.6 billion in 2007-08 and sank to \$47.3 billion in 2011-12. From this recent low, funding has been at all-time highs since 2012-13 and is expected to grow to \$68.4 billion in 2015-16, an increase of \$2.7 billion compared to the level expected in January. The Proposition 98 maintenance factor- and indicator of the past cuts made to schools and community colleges- totaled nearly \$11 billion as recently as 2011-12. Under the May Revision, this amount is reduced to \$772 million.
