

Board of Trustees Report - May 2022

American River College

Kristin Farlow, Classified Senate President

Nothing to report at this time.

Cosumnes River College

Classified Senate President Tiffany Clark

The Senate, along with support from the Vice President of Administration office and SchoolsFirst Federal Credit Union, held a very successful Classified Appreciation Event on May 5th. It was evident that all were excited to be able to gather together in-person and it proved to be a perfect day for lawn games, a delicious taco feast, and recognizing colleague's accomplishments. There were 60 RSVPs but well over 70 in attendance, including a surprise visit from the Chancellor.

The Senate will not hold its regularly scheduled meeting this month. In addition to last week's Classified Appreciation event, today (May 11th) the campus will gather for a virtual reception to honor years of service, retirees, promotions, and more. And as is true across the district, many are hard at work with end of the semester and graduation ceremony activities.

Folsom Lake College

Karla Lozano, Classified Senate President

With support from the FLC Vice President of Administration, Augustine Chavez, the FLC Classified Senate hosted a Temporary Classified Appreciation event on April 28, 2022, in-person at FLC main campus. It was a fun event and Temporary staff enjoyed a lively workshop presented by our Career and Transfer Center staff that focused on career interest clusters and work personality environments. All departments on campus are very busy planning the upcoming spring 2022 commencement to be held outdoors on our athletic fields.

Sacramento City College

Kevin Williams, Classified Senate President

Nothing to report currently.
