<b>Help Us Help You</b> Los Rios Community College District strives to make reasonable accommodations in all of its programs, services and activities for all qualified individuals with disabilities. Notification (568-3039) 48 hours in advance will enable the District to make arrangements to ensure meeting accessibility. The District will swiftly resolve those requests consistent with the ADA and resolving any doubt in favor of accessibility.			
<b>Los Rios Community College District Indigenous Land Acknowledgment Statement</b> In the spirit of community and social justice, we acknowledge the land on which our four colleges reside as the traditional homelands of the Nisenan, Maidu, and Miwok tribal nations. These sovereign people have been the caretakers of the health of the rivers, the wildlife, the plant life, and the overall eco-social balance in the greater Sacramento region since time immemorial.  Despite centuries of genocide and occupation, the Nisenan, Maidu, and Miwok continue as vibrant and resilient tribes and bands, both Federally recognized and unrecognized. Tribal citizens of these nations continue to be an active and important part of our Los Rios college community. We take this opportunity to acknowledge the land and our responsibility to the original peoples, the present-day Nisenan, Maidu, and Miwok tribal nations.

### COURSE PROPOSALS

#### New to College Courses

##### *Folsom Lake College*

#### 1. MATHS 10 Guided Individualized Support for Mathematics (0.25 - 2 units)

*Prerequisite:* None.

*Corequisite:* The student must be enrolled in a course with math content. This course may be from, but not limited to, the following designators: MATH, STAT, CHEM, PHYS, ASTR, BUS, ECON, BIOL, CISP.

*13.5 - 108 hours laboratory*

This course is open to all students currently enrolled in any course that uses or teaches mathematical concepts. The course enables students to build and review math topics that are necessary for success in any level of MATH, STAT, or other course. Learning objectives and the course topics will be designed based on the needs of each individual student with the guidance and support from the instructor and student tutors. Credit is earned in one-quarter unit increments and is dependent on progress in the course and class participation. This course cannot replace any existing mathematics course and is not used to satisfy any prerequisite. This class is open entry and is graded on a Pass/No Pass basis. This course may be taken up to three times, but the total of all the attempts cannot exceed 2.0 units.

**Justification:** This course is designed to support students in courses with math content. Students will use software that personalized topics needed to pass the MATH course the student is enrolled in. We anticipate that students may use up their available hours so having MATHS 10 and 11 is necessary to guarantee them continued support.

#### Course Removals

##### *American River College*

#### 1. MATH 100 Elementary Algebra (5 units)

*Prerequisite:* Through the Los Rios Placement Process or successful completion of Prealgebra.

*90 hours lecture*

This course covers the fundamental concepts and operations of algebra and incorporates problem-solving skills. Topics include properties of real numbers, linear equations and inequalities, integer exponents, polynomials, and factoring polynomials. Other topics include rational and radical expressions, rational and radical equations, graphing and finding equations of lines, graphing and solving systems of linear equations, and graphing and solving quadratic equations.

**Justification:** Non-support Math courses that are 100-level and below cannot be offered because of current law and guidance from the CCCCCO.

## 2. **MATH 120 Intermediate Algebra (5 units)**

*Prerequisite:* Through the Los Rios Placement Process or successful completion of Algebra I/Integrated Math 1 or Beginning Algebra.

*90 hours lecture*

This course extends and reviews the concepts of elementary algebra while incorporating applications and problem-solving skills. Reviewed and extended topics include linear and quadratic equations and their graphs, linear inequalities, systems of linear equations, exponents, factoring polynomials, rational expressions, and radicals. New topics include absolute value equations and inequalities, graphs of absolute value functions, equations of parallel and perpendicular lines, graphs of linear inequalities, graphs of systems of linear inequalities, functions, function notation, domain and range, inverse functions, exponential and logarithmic functions and their graphs, quadratic and polynomial functions and their graphs, an introduction to the complex number system, finding the real and complex solutions for a variety of equations, an introduction to conic sections, and nonlinear systems of equations and their graphs.

**Justification:** Non-support Math courses that are 100-level and below cannot be offered because of current law and guidance from the CCCCCO.

## 3. **MATH 294 Topics in Mathematics (0.5 - 4 units)**

*Prerequisite:* None.

*9 - 72 hours lecture*

This course is designed to give students an opportunity to study topics in mathematics not included in current course offerings. Individualized topics are developed to foster, complement and build upon arithmetic, geometric and algebraic skills with an emphasis on critical thinking.

**Justification:** This course cannot be offered because of current law and guidance from the CCCCCO.

## 4. **MATH 295 Independent Studies in Mathematics (1 - 3 units)**

*Prerequisite:* None.

*54 - 162 hours laboratory*

Independent Study is an opportunity for the student to extend classroom experience in this subject, while working independently of a formal classroom situation. Independent study is an extension of work offered in a specific class in the college catalog. To be eligible for independent study, students must have completed the basic regular catalog course at American River College. They must also discuss the study with a professor in this subject and secure approval. Only one independent study for each catalog course will be allowed.

**Justification:** This course cannot be offered because of current law and guidance from the CCCCCO.

## 5. MATH 299 Elementary & Intermediate Algebra (0.5 - 4 units)

*Prerequisite:* None.

*162 hours lecture*

This course covers the concepts of elementary and intermediate algebra with an emphasis on problem solving. Topics include linear and quadratic equations, inequalities, factoring polynomials, rational expressions, exponents, radicals, graphing, and system of equations. Additional topics include graphs and their translations and reflections, functions, exponential and logarithmic functions, graphs of quadratic and polynomial functions, nonlinear systems of equations, polynomial and rational inequalities, and an introduction to conic sections.

**Justification:** This course cannot be offered because of current law and guidance from the CCCCCO.

## PROGRAM PROPOSALS

### New Programs

#### *Cosumnes River College*

### 1. Music Theory

Completion of this certificate provides students with an introductory foundation to the techniques and best practices of music in a variety of historical and cultural contexts. The certificate includes classes in tonal music practices as they originally developed in the Western world and have since expanded globally. Students pursuing an AA or AA-T in Music may complete this certificate as part of their coursework; please consult a counselor for more information.

**Justification:** This certificate provides a course of study for students interested in the technical aspects of analyzing and creating music who may not be interested in pursuing our AA or AA-T degree.

## **Program Removals(s)**

### ***American River College***

#### **1. Designed 4 Life**

This certificate provides training in designing quality living environments. It includes various courses in Gerontology and Interior Design and covers how to successfully, safely, effectively, and aesthetically design interiors for all ages and abilities.

**Justification:** The content of the Design4Life certificate is already embedded throughout the core Interior Design curriculum and is not treated as a separate area of study, making the standalone certificate redundant. In addition, the department does not have the FTE to support this certificate and it has not been offered since the fall of 2022.

### ***Folsom Lake College***

#### **1. Public Health Science**

The Associate of Science in Public Health Science for Transfer Degree program provides students with a major that fulfills the general requirements for transfer to the California State University. Students with this degree will receive priority admission with junior status to the California State University system. Students should work closely with their Folsom Lake College counselor to ensure that they are taking the appropriate coursework to prepare for majoring in Public Health Science at the institution they wish to transfer to because major and general education requirements may vary for each CSU and the degree may only transfer to specific institutions. This program has the following completion requirements: (1) Completion of 60 semester units or 90 quarter units that are eligible for transfer to the California State University, including both of the following: (A) The Intersegmental General Education Transfer Curriculum (IGETC) or the California State University General Education – Breadth Requirements. (B) A minimum of 18 semester units or 27 quarter units in a major or area of emphasis, as determined by the community college district. (2) Obtainment of a minimum grade point average of 2.0. ADTs also require that students must earn a C or better in all courses required for the major or area of emphasis.

**Justification:** Public Health Science is being replaced by Public Health.

## BACKGROUND:

Proposition 30, The Schools and Local Public Safety Protection Act of 2012 temporarily raised the State sales and use tax by .25 cents for four years and raised the income tax rate for high income earners (\$250,000 for individuals and \$500,000 for couples) for seven years to provide continuing funding for local school districts and community colleges. In November 2018, voters passed proposition 55, the Children's Education and Health Care Protection Act. Proposition 55 extended the personal income tax increase under proposition 30 through 2030-31. The accounting and reporting requirements under proposition 55 are the same as under Proposition 30.

Under proposition 30, the State established the Education Protection Account (EPA) to receive and disburse the tax revenues derived from proposition 30 and subsequently proposition 55. These funds do not represent new or additional resources for districts; rather, the EPA replaced a portion of the base State General apportionment. In essence, the three revenue sources traditionally supporting California Community Colleges: general apportionment, local property taxes, and student enrollment fees, now include a fourth source, EPA.

Districts have sole authority to determine how moneys received from the EPA are spent. The governing board must make the spending determination in open session of a public meeting of the board and with the limitation that EPA funds cannot be used to pay administrative salaries and benefits and other administrative costs. Each entity receiving funds must annually publish on its website an accounting of how much money was received from the EPA and how that money was spent. Additionally, the annual independent financial and compliance audit required of community colleges shall ascertain and verify whether the funds provided from the EPA have been properly disbursed and expended as required by law. Expenses incurred to comply with these additional audit requirements may be paid from the EPA.

## STATUS:

The California Community Colleges Chancellor's Office (CCCCO) distributes EPA funds to districts based upon their proportionate share of total computational revenue. This basis results in a more equitable distribution of EPA rather than distributing on the relative share of general apportionment.

For 2025-26, the District is currently projected to receive \$61,869,996 in EPA funds. As was the case in prior years, the amount may change as the year progresses and entitlements are modified. However, our overall apportionment entitlement under the state's funding formula will generally be fully funded even if our share of EPA funds are reduced.

The Board must adopt its plan for the use of the funds as described in the background section relying on the best information available. Consistent with the message to voters that Proposition 30 would allow districts to maintain their instructional programs and the requirement that EPA not be used for administrative costs; staff recommends that EPA funds be designated as supporting compensation costs for classroom instruction services for both faculty and classified staff. Classroom instructional salaries and benefits up to the actual amount received for EPA will be transferred to separate accounts within the unrestricted general fund to identify those costs as funded by EPA.

**RECOMMENDATION:**

It is recommended that the Board of Trustees adopt for the 2025-26 fiscal year the plan to designate compensation costs for classroom instruction as funded by EPA. Upon approval, the District will update its website to reflect the Board's action.

## BACKGROUND:

As specified in Board Policy P-8252, within three months of the close of each fiscal year, an annual investment report of all District directed investments shall be presented to the Board of Trustees.

The purpose of the investment report is to inform the Board regarding District directed investments, consisting primarily of assets of the Retiree Health Benefits Trust and certain fiduciary funds. The majority of the District's monetary assets – cash, cash equivalents, and investments – are required to be held in appropriate Sacramento County Treasury accounts and investments of such assets are directed by the County. For comparative purposes and a complete overview of investment and interest income earned by the District in 2024-25, the attached annual investment report shows both District and County directed monetary assets and their earnings.

## STATUS:

District directed assets were invested in compliance with Board Policy P-8252. Detail regarding those investments for the year ended June 30, 2025 follows.

### Retiree Health Benefits Trust (Trust):

On November 7, 2007 the Board established an irrevocable trust in response to accounting standards issued by the Governmental Accounting Standards Board (GASB), specifically GASB 43 and 45. Wells Fargo Bank, N.A. was appointed trustee and investment manager of the Trust. As the sponsor and sole contributor of monies to the Trust, the District has primary responsibility for the management of the Trust for the benefit of its current and future retirees. On July 1, 2019, Wells Fargo Institutional Retirement & Trust was acquired by Principal Financial Group. As of February 22, 2022, Principal Custody Solutions is the trustee and investment manager of the Trust. Under review by the Oversight Committee, established by the Board, and within investment guidelines and restrictions of Board Policy P-8252, the Principal Custody Solutions investment manager has invested Trust monies in various mutual and index funds. As of June 30, 2025, approximately 70% of the \$174.5 million portfolio was invested in bond funds and 30.0% in equity funds. The Committee meets quarterly with the investment manager to review the portfolio. As is good practice, returns are evaluated against benchmarks for similar investments.

Due to the strength of equity markets during the past fiscal year, the Trust had a net gain of \$14.4 million or approximately an 8.8% gain in asset value. The net return for the past five years is 4.0% and the return since inception of the trust is 5.0%. The District goal for average return is currently 5%. An actuarial study is required every two years which allows for current economic conditions to be factored into the goal for annual returns.

Annual Investment Report:

The first page of the attached report summarizes both District and County directed investment balances as of June 30, 2025 and the related earnings during fiscal year 2024-25. Only \$5.4 million of the total District funds (excluding Retiree Health) of nearly \$802.2 million is directed by the District. District funds have earned a weighted average annual percentage rate (APR) of 4.5%. Most of the District directed assets are invested in the Local Agency Investment Fund (LAIF).

The second page provides more detailed information about District directed investments. This includes trust assets that are professionally managed by Principal Custody Solutions. The investment advisor meets regularly with the Retiree Health Benefits Trust Oversight Committee.

The third page of the report shows similar information regarding County and Escrow directed investments. Except for the Bond Projects and Bond Interest and Redemption Funds, County directed assets are invested in the County's pooled account, which earned 4.242% in 2024-25. Proceeds from the District's sale of General Obligation (GO) Bonds are separately invested by the County in commercial paper, government agency notes and other authorized investment instruments. Earnings on these separately invested GO Bond monies ranged from 4.185% - 5.243% in fiscal year 2024-25. Investment earnings for the Bond Projects or Bond Interest and Redemption funds may only be expended for bond project costs or bond debt service, respectively.

**RECOMMENDATION:**

It is recommended that the Board of Trustees accept the District's Annual Investment Report for fiscal year 2024-25.

## BACKGROUND:

The Education Code regulates the procedures by which a Community College District can dispose of real and personal property. Education Code section 81452 provides that the governing board may, by unanimous vote, dispose of items valued at \$5,000 or less by private sale without advertising or selling the items at public auction. The District has held previous auctions, but they have generally cost more than they have netted for the District.

## STATUS:

The District has a quantity of surplus materials that need to be disposed of, such as outdated desks and computers. The District has located a scrap dealer who will take selected surplus items for recycling. Any items remaining will be disposed.

The surplus items to be recycled or disposed of are either irreparable, obsolete, in poor condition or not needed for district/college operations and include the following: 1 analyzer; 1 audio distributor; 1 audio interface; 1 CC television; 24 chairs; 2 compressors; 3 disc recorders; 1 generator amplifier; 1 graphic equalizer; 1 LCD projector; 1 mic preamp; 5 monitors; 2 processing modules; 1 projector; 1 ripple tank; 1 speaker management system; 2 studio monitors; 1 subwoofer; 39 tab chairs and 1 transmitter.

These items have a value of less than \$5,000.

## RECOMMENDATION:

It is recommended that the Board of Trustees approve the disposal of the listed items per Education Code section 81452.

## BACKGROUND:

The District identified real property located at 7501 Jacinto Road in Elk Grove, California to be purchased and used as a District student housing facility. The District made an offer to purchase the property from the owner. The offer was accepted and the District has begun to engage in the formal transfer of the real property, including ratifying the purchase agreement and lease agreement.

## STATUS:

The District is in the process of formalizing the transfer of real property. This item is presented to the Board to pass a resolution to ratify the purchase agreement and lease agreement. In addition, the resolution would authorize lease revenue bond financing and authorize staff to execute and deliver bond documents as necessary for issuance of the bonds on behalf of the District.

## RECOMMENDATION:

It is recommended that the Board of Trustees approve Resolution No. 2025-14, ratifying the purchase and lease agreements related to the property transfer. The resolution also authorizes the use of lease revenue bond financing and grants authority to designated District staff to execute and deliver all necessary bond documents in connection with the issuance of the bonds.

## RESOLUTION

№ 2025-14

### **RATIFICATION OF PURCHASE AGREEMENT AND RESIDENTIAL LEASE (7501 JACINTO ROAD, ELK GROVE, CALIFORNIA)**

### **AUTHORIZATION FOR STUDENT HOUSING PROJECT FINANCING BY LEASE REVENUE BONDS ISSUED PURSUANT TO GOVERNMENT CODE §15820.200**

### **AUTHORIZATION TO EXECUTE AND DELIVER BOND DOCUMENTS**

**WHEREAS**, the Los Rios Community College District (“District”) has identified certain real property located at 7501 Jacinto Road, Elk Grove, California 95758 (“Property”) as a suitable site for development a District student housing facility (“Student Housing Project”).

**WHEREAS**, District staff prepared an offer to purchase the Property from the fee owner of the Property (“Property Owner”) upon terms and conditions deemed by District staff to be fair, reasonable and in the best interests of the District.

**WHEREAS**, the Property Owner accepted the District offer to purchase the Property and entered into a written agreement with the District titled “Standard Offer, Agreement and Escrow Instructions for Purchase of Real Estate” dated July 15, 2025 (“Purchase Agreement”); the Purchase Agreement is attached to these Resolutions as Exhibit 1.

**WHEREAS**, the Purchase Agreement incorporates terms and conditions agreed upon by the Property Owner and determined by District staff to be in accordance with the terms and conditions of the District’s offer to purchase the Property.

**WHEREAS**, the terms and conditions of the Purchase Agreement include a right of the Property Owner to remain in occupancy and possession of the Property for two hundred forty (240) days after the close of escrow.

**WHEREAS**, terms and conditions for the Property Owner’s post-closing occupancy of the Property are set forth in a written agreement titled “Residential Lease” and dated August 6, 2025; a copy of the Residential Lease is attached to these Resolutions as Exhibit 2.

**WHEREAS**, District staff have determined that the terms and conditions of the Purchase Agreement and the Residential Lease are in the best interests of the District; the Purchase Agreement and Residential Lease have been executed on behalf of the District by the District’s Executive Vice Chancellor, Finance and Administration, Finance and Administration (“Executive Vice-Chancellor”).

**WHEREAS**, pursuant to Government Code section 15820.200 et seq (“SB 155 Student Housing Financing Program”), the State Public Works Board of the State of California (“PWB”) is authorized to finance the design, construction, and equipping of community college student housing projects described in Government Code section 15820.201 by issuance of lease revenue bonds (“Bonds”).

**WHEREAS**, the District intends to design and construct the Student Housing Project in compliance with Government Code section 15820.201(b)(1), including the number of beds for low-income students specified in the District’s application for the Student Housing Project submitted pursuant to Education Code section 17201 (“Low-Income Beds”).

**WHEREAS**, the District intends to design and construct the Student Housing Project in compliance with Government Code section 15820.201(b)(2); rent for the Low-Income Beds in the Student Housing Project will not exceed thirty percent (30%) of fifty percent (50%) of the area median income for a single-room type occupancy unit.

**WHEREAS**, the Student Housing Project the District intends to design and construct on the Property is a project described in Government Code section 15820.201 and is eligible for financing costs of design, construction, and equipping by proceeds of Bonds issued under the SB 155 Student Housing Financing Program.

**WHEREAS**, issuance of the Bonds to finance costs to design and construct the Student Housing Project will be completed by written agreements and instruments (collectively “Bond Documents”) entered into between the District, the Board of Governors of the California Community Colleges (“Chancellor’s Office”) and the PWB; Bond Documents are anticipated to include:

- Project Delivery and Construction Agreement
- Ground Lease
- Restrictive Covenant
- Right of Entry Agreement
- Site Lease
- Facility Lease
- Facility Sublease

**WHEREAS**, issuance of the Bonds will require the District to execute and deliver the Bond Documents.

**WHEREAS**, in addition to execution and delivery of the Bond Documents, other related actions of the District will be required for issuance of the Bonds (“Bond Administrative Actions”).

**NOW, THEREFORE**, the Board of Trustees of the Los Rios Community College District hereby finds, determines, resolve as follows:

**RESOLVED**, the foregoing Recitals and determinations are true, correct and incorporated into these Resolutions by this reference.

**FURTHER RESOLVED**, the Purchase Agreement attached to these Resolutions as Exhibit 1 is ratified.

**FURTHER RESOLVED**, the Residential Lease attached to these Resolutions as Exhibit 2 is ratified.

**FURTHER RESOLVED**, that financing costs to design, construct and equip the Student Housing Project by proceeds of Bonds issued pursuant to SB 155 Student Housing Financing Program as codified at Government Code section 15820.200 et seq is approved.

**FURTHER RESOLVED**, the District’s Executive Vice Chancellor and his delegates are authorized to take actions necessary to reach mutual agreement with the Chancellor’s Office and PWB on the terms and conditions of the Bond Documents.

**FURTHER RESOLVED**, the Executive Vice Chancellor is authorized to execute and deliver the Bond Documents and such other and additional documents or instruments as necessary for issuance of the Bonds on behalf of the District.

**FURTHER RESOLVED**, the Executive Vice Chancellor or such District employee as he may designate are authorized to complete Bond Administrative Actions as necessary for issuance of the Bonds.

**FURTHER RESOLVED**, after execution and delivery of the Bond Documents, the Executive Vice-Chancellor shall submit the executed Bond Documents to the Board of Trustees for ratification.

**FURTHER RESOLVED**, that these Resolutions shall be effective as of the date of its adoption.

**PASSED AND ADOPTED** at a regular meeting of the Board of Trustees of the Los Rios Community College District held on September 10, 2025, by the following called vote:

## BACKGROUND:

The *Expanding Minds Unleashing Careers* capital campaign, launched in 2020, is focused on equipping American River College's Career Technical Education (CTE) building with cutting-edge technology and modern equipment. This vital project is helping to prepare students for the workforce by offering hands-on learning in state-of-the-art facilities.

## STATUS:

Thanks to the generosity of 170 individual and business donors, the campaign continues to make significant strides in enhancing the educational experience for students at American River College and has raised over \$850,000 to date. By supporting this initiative, donors are helping to ensure that students have access to the tools and resources they need to succeed in the fast-evolving world of technical careers. As part of the campaign, donors have provided significant support to sponsor and name specific learning spaces, classrooms, and labs within the CTE building.

American River College is proud to partner with SMUD in support of our new building, advancing workforce training and energy initiatives that align with SMUD's bold clean energy vision. SMUD's commitment to our region's community colleges spans more than 25 years and includes Shine Grants funding, sponsorship of college galas and fundraising events, funding for the ARC American Indian Summer Institute, and leadership on the Los Rios Colleges Foundation Board of Directors. To date, SMUD has invested over \$425,000 in programs, projects, and events across the Los Rios Community College District, demonstrating their dedication to student success and a sustainable future.

The purpose of this latest partnership will be to provide \$1.5M in financial support over the next 15 years to advance three projects at American River College:

- **The Career Technical Education Building:** Supporting the "Expanding Minds Unleashing Careers" capital campaign with focused support for program enhancements in solar energy, electrician training and automotive technology.

- **Culinary Arts and Hospitality Management Facility Upgrade:** Funding for the complete redesign and electrification of a lab space within the Culinary Arts and Hospitality Management building.
- **American Indian Summer Institute:** Continued support for the annual program hosted by the ARC Native American Resource Center, aimed at enriching educational experiences for Native American students.

In recognition of SMUD's newest partnership, ARC will recognize SMUD with commemorative naming in the Career Technical Education Building (See attached floorplan):

- Naming of two first-floor labs: "SMUD Electrician Trainee Lab" and "SMUD Renewable Energy Lab"
- Inside entrance to building soffit – "SMUD Energy Education Wing"

#### **CONSIDERATIONS:**

LRCF closely follows Board Policies when soliciting and accepting significant gifts that could result in a naming opportunity. To that end and based on recommendations pursuant to Board Policy 8431:

*2.1 Buildings and areas may be named in honor of friends, benefactors, and persons who have made significant contributions to the College, the District, or to education in California or the nation.*

- SMUD's contributions to both this campaign and gifts over time to American River College, qualifies as a basis to each pursuant to BP 8431 2.1 as a "significant contribution."

*2.3 Buildings and areas may be named for persons who: have rendered significant, permanent service to education in California or the nation; who have distinguished themselves in the work of a College, campus, discipline, or department within the District; who are indigenous to the area and hold a unique place in history; or have made a substantial gift to the College or the District through its official fundraising arm, the Los Rios Colleges Foundation.*

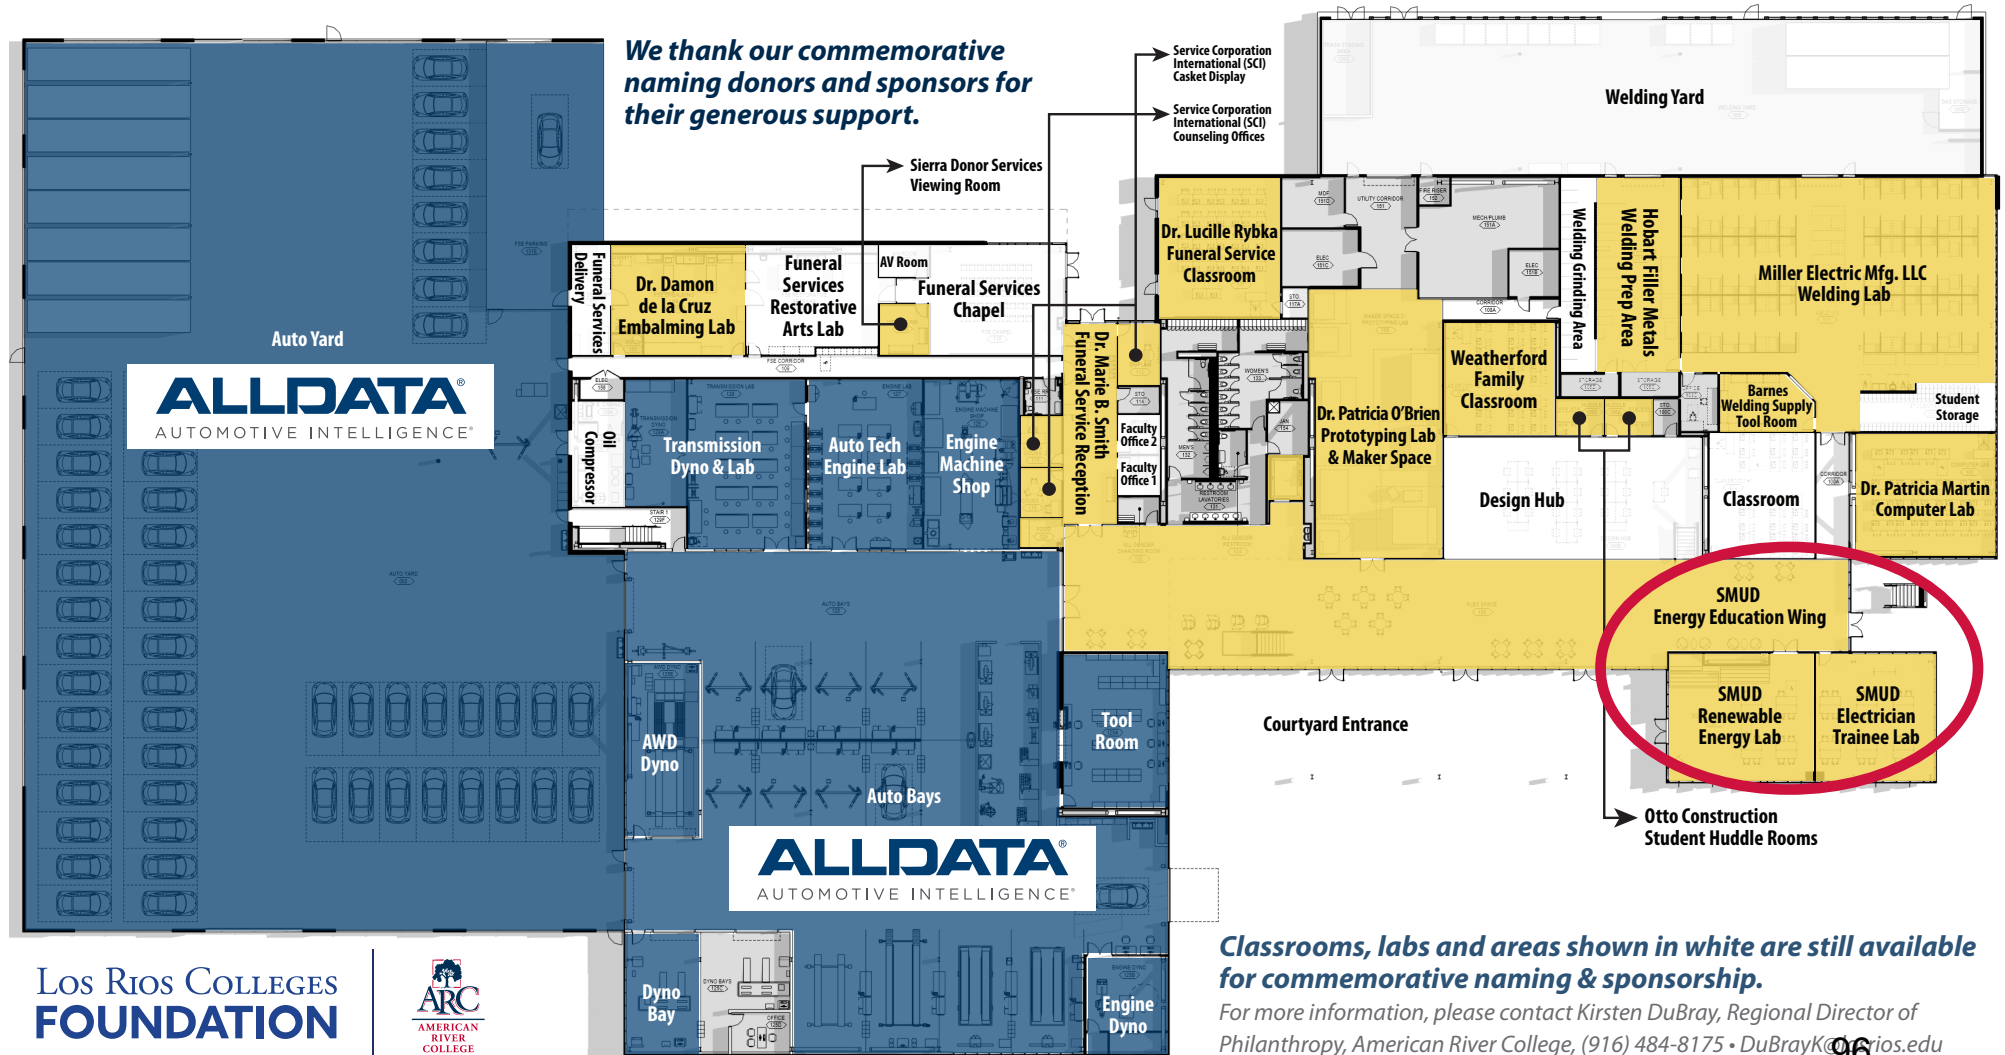

- ARC, LRCCD, and LRCF staff concluded that SMUD's giving to American River College, qualifies as "substantial gifts." However, staff notes that the policy does not specify a precise dollar amount that defines "substantial."

*3.1 Names of facilities or areas should lend prestige to the District/College, and to staff, students, and community. The credentials, character, and reputation of each individual for whom the naming of a building is being considered shall be carefully scrutinized and evaluated. Nominations submitted to the Board of Trustees for consideration shall be accompanied by appropriate supporting documentation.*

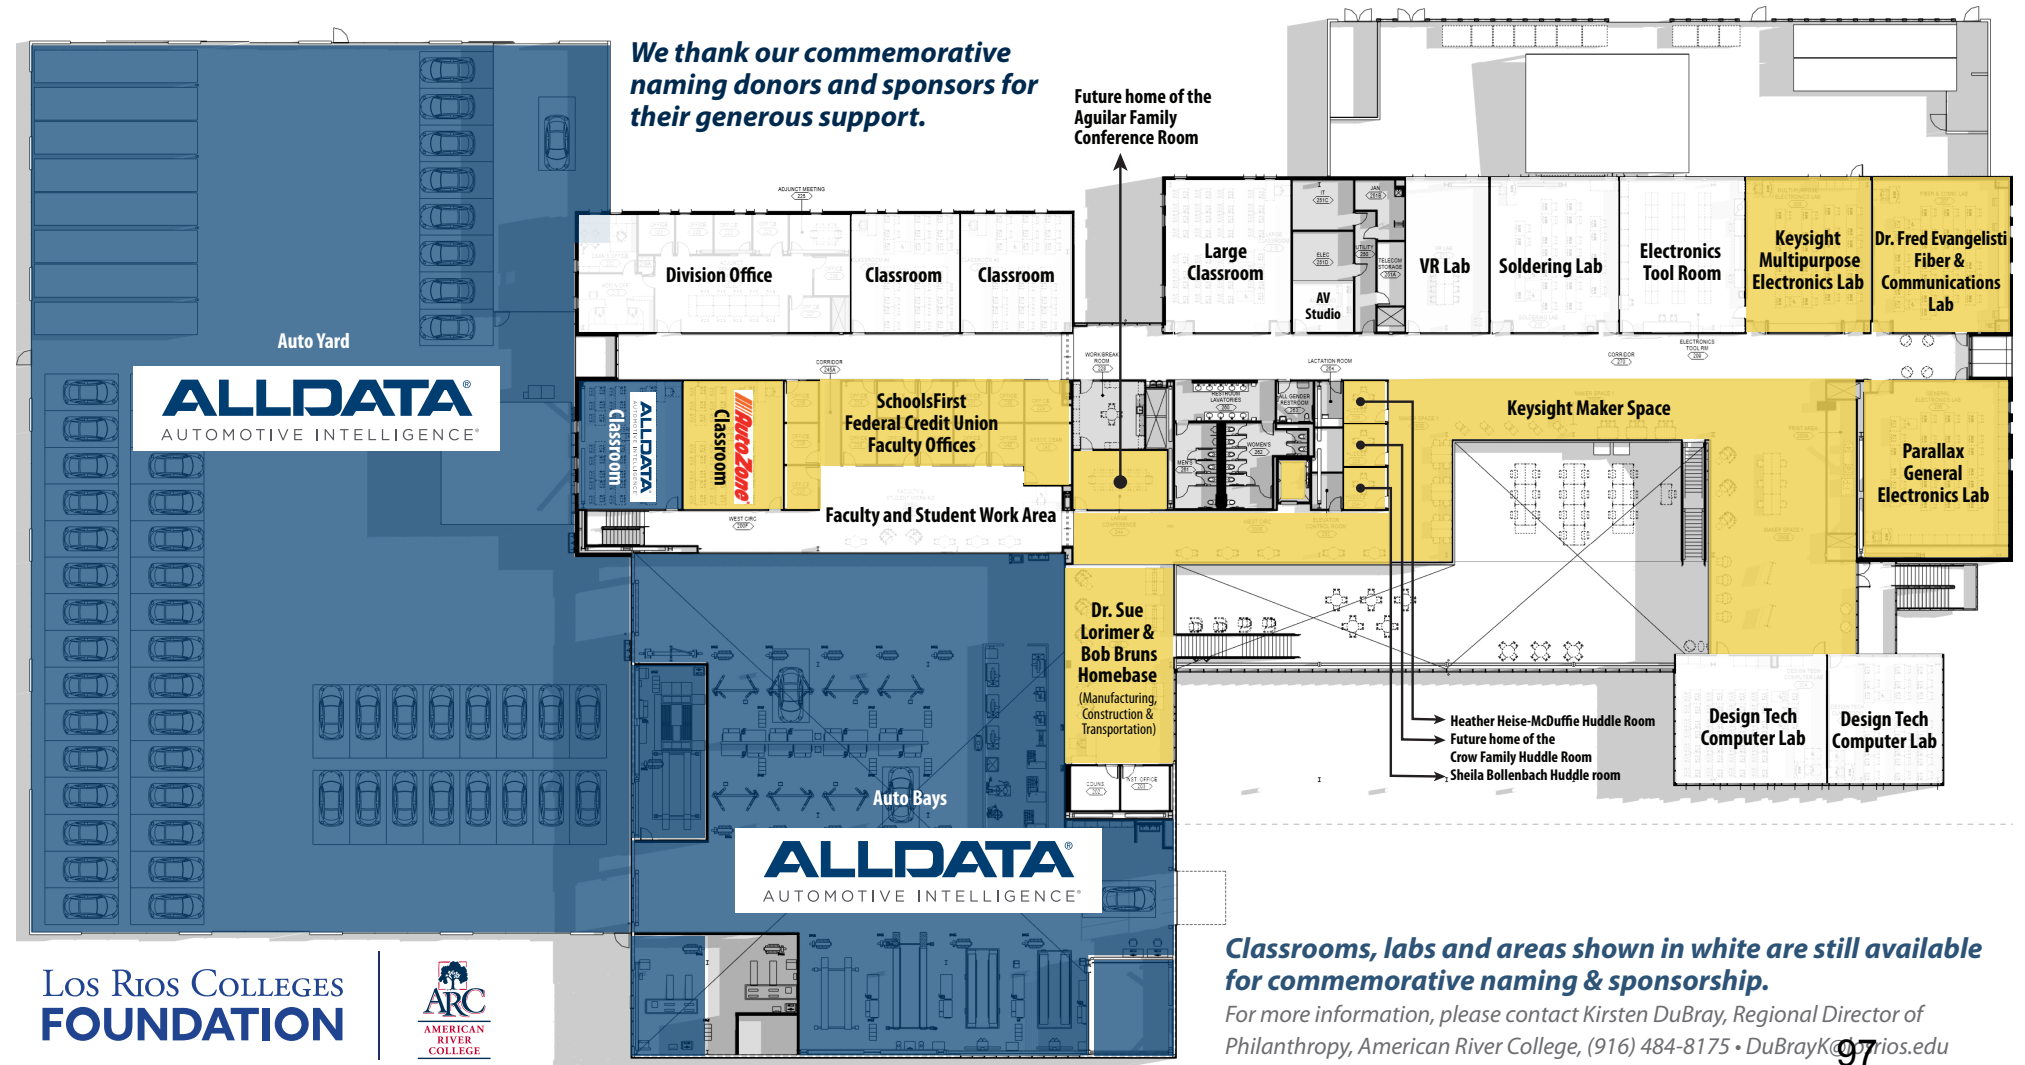

- ARC, LRCCD, and LRCF staff concluded that SMUD's standing and longevity in the community meets the criteria of BP 8431 3.1.

#### **RECOMMENDATION:**

It is recommended that the Board of Trustees approve the area namings for SMUD, in recognition of their generous support and sponsorship of the Career Technical Education Building, the Culinary Arts and Hospitality Management program and the American Indian Summer Institute at American River College.

		INFORMATION	

## BACKGROUND:

The 2025-26 General fund tentative budget, adopted by the Board of Trustees in June, has been revised to reflect the enacted State budget. The Board is required to hold a public hearing on the proposed budget for the fiscal year on or before the 15th day of September. Budget revisions will be brought to the Board as needed, typically at least twice during the year.

The enacted State budget for California Community Colleges prioritized stability amid a challenging fiscal landscape. Importantly, it includes no ongoing reductions to core programs or services. The budget includes \$404 million in ongoing resources to support community colleges statewide, including \$217.4 million for a 2.3% cost-of-living adjustment (COLA) to the Student Centered Funding Formula (SCFF), \$26.8 million for COLAs to certain categorical programs, and \$140 million for systemwide enrollment growth (2.28% in 2024-25 and 0.57% in 2025-26, for a combined statewide growth of 2.35%.) One-time funding is primarily focused on implementation of the initiatives under the Mater Plan for Career Education and student support. For Los Rios specifically, a key positive is that American River College's Davies Hall modernization is included, addressing Division of the State Architect (DSA) findings and advancing a safer, updated campus facility.

Under SCFF, a district's FTES allocation is based on funded full-time equivalents students (FTES). The enacted 2025–26 State budget increased growth capacity for 2024-25, resulting in 1.94% growth authority for Los Rios, up from initial projections of 0.49%. However, actual FTES is expected to exceed this level, and any FTES beyond the cap will go unfunded unless statewide totals fall short. For 2025–26, the budget provides 0.57% systemwide growth funding, with only 0.24% allocated to Los Rios. This limited growth authority restricts the District's ability to generate apportionment for additional FTES, despite rising student demand. FTES beyond the funded cap are excluded from both current-year revenue and the District's three-year FTES average, resulting in a compounding structural funding loss. The District continues to advocate for additional growth resources and long-term improvements to the funding formula.

Despite these constraints, the District's fiscal condition remains strong. The 2025-26 adopted budget is balanced and reserves are in line with board policy. In addition, the District continues to fund and refine its long-term projections to fully meet all known liabilities, including those related to CalPERS, CalSTRS, and Other Post-Employment Benefits (OPEB.)

**STATUS:**

The budget scenarios for the General Fund are titled the X, Y, and Z budgets. For the 2025-26 fiscal year, the X budget projects that the 2024-25 achieved FTES is reduced to the District's current growth authority, which is our more conservative estimate. The Y budget anticipates no change in 2024-25 achieved FTES, with the Z budget at 2% growth. Because of the limited growth authority, the total computational revenue in each scenario has been adjusted to reflect potential unfunded FTES. The District is currently operating at the X budget level. Differences among the three models are summarized in the attached General Fund schedule.

**RECOMMENDATION:**

It is recommended that the Board of Trustees conduct a public hearing to receive comments on the proposed budgets and adopt the 2025-26 proposed budgets for the General Fund (Z budget), Instructionally-Related, Special Revenue, Capital Projects, Debt Service, Enterprise, Internal Service, Fiduciary, Trust and Auxiliary Funds of the District for filing with the appropriate County/State agencies.

## BACKGROUND:

In November 2008, the electorate approved Measure M in the amount of \$475 million. The election was conducted under Proposition 39, which requires the establishment of a Citizens' Bond Oversight Committee. The Oversight Committee Bylaws also require that an annual written report be presented to the Board of Trustees in open session.

## STATUS:

The District's Oversight Committee was created in spring 2002 and concluded its twenty-third full year of operation on June 30, 2025. Consistent with the Oversight Committee Bylaws and state statutes, it is appropriate to present the Committee's Annual Report for the 2024-25 year in fulfillment of the requirements of Article XIII A, Section 1(b)(3) of the California Constitution.

## RECOMMENDATION:

It is recommended that the Board of Trustees receive the 2024-25 Annual Report from the Citizens' Bond Oversight Committee.

# Introduction

Measure M, a \$475 million authorization, was approved by the voters on November 4, 2008. The proceeds are to be used for construction of new facilities and modernization of existing facilities at the District's four colleges and District Office/District-wide services. The elections were conducted under Proposition 39, which requires the establishment of a Citizens' Bond Oversight Committee. The Committee, representing various constituents of the community and appointed by the Board of Trustees, is responsible for the review of bond expenditures and the presentation of an annual report.

This publication is intended to present to the community a cumulative summary of the expenditures of the District's bond measures, as well as the Committee's activities for the preceding year.

## Oversight Committee Activities

The District issued Series A of Measure M bonds in October 2010 in the amount of \$130 million, issued Series B for \$60 million in June 2013, issued Series C for \$65 million in February 2018 and issued Series D for \$80 million in June 2018. Measure E was issued in the amount of \$130 million in July 2021. In November 2017, the District refunded \$106.9 million of Measure M, Series A resulting in savings to our taxpayers of approximately \$12.8 million (NPV). In April 2022, the Board of Trustees voted to issue \$35 million in Refunding General Obligation Bonds with a projected taxpayer savings of \$3.7 million (NPV). 1. In September 2024, the District refunded its 2008 Series B bonds, bringing Los Rios' total cumulative debt savings to \$28.4 million.

During the past year, the Committee reviewed the financial activity for capital projects funded by bond proceeds. The Committee also received the District's Independent Auditor's reports, financial statements, and performance audit for the bond funds as of June 30, 2024. These reports fulfill the requirement for separate review of the financial activity per the provisions of Proposition 39. The Committee received updates on the District's budget, Scheduled Maintenance and Special Repair (SMSR) funding, the District's Facilities Master Plan, and the status of bond funded projects in progress during the year.

## Summary

All expenditures authorized by the School Facilities Bonds have been reviewed by the Citizens' Bond Oversight Committee to ensure the money has been spent only on school facility improvements authorized by the Bond Act. All funds expended from Measure M are audited annually by an independent audit firm. The Oversight Committee has reviewed expenditures and projects and believes the District is in compliance with the requirements of Article XIII A Section 1(b)(3) of the California Constitution and consistent with the District's approved local bond measures. Implementation of the District's long-term capital plans continues to progress. For Measure M, \$487.7 million has been appropriated for sixty-six projects including funding for infrastructure improvements at three of the colleges and District wide. Detailed information regarding the projects for both measures is provided on the following pages. The expenditures are cumulative through May 31, 2025.

## A Snapshot of Measure M Progress to date:

Location	Budget to Date	Expended to Date	# of Projects in Progress	# of Projects Completed
American River College	\$182M	\$160M	3	18
Cosumnes River College	\$92M	\$83.2M	2	14
Folsom Lake College	\$97.6M	\$85.6M	4	4
Sacramento City College	\$97M	\$95.9M	3	13
District Office/District-Wide	\$19.2M	\$18.3M	2	3
<b>Total</b>	<b>\$487.7M</b>	<b>\$443.4M</b>	<b>14</b>	<b>52</b>

Measure A & M have provided funding to add more than 1.8 million square feet in new facilities. In addition, more than 441,000 square feet of aging facilities have been modernized.

## Measure M ~ Active Projects

### Tech Ed Temp Housing:

This project provides modifications to temp housing to accommodate the Tech Ed Modernization construction phase. The project budget is \$730,000 with \$500,000 expended to date.

### Natomas Center Phase 2 & 3:

The Project builds a new 31,077 assignable square feet (asf) (49,800 gross square feet) instructional facility adjacent to the existing American River College Natomas Center building. The new building will provide space for instruction in general education, biology and chemistry. The project is budgeted for \$34.1 million with \$19.1 million in expenditures to date.

### Tech Ed Modernization:

This project modernizes the Technology Building at American River College. The primary use of the building is Automotive, Welding Technology and Electronics. Two other programs, Physics and Engineering, are currently in the building and will be moved and replaced with other interdisciplinary programs. This modernization will improve the technology of these spaces and reconfigure spaces for improved circulation and access compliance. This modernization also provides improvements to power, lighting, data, and HVAC systems. This modernization includes the replacement of three old temporary portable buildings located behind the Technology Building, with new permanent space. The project is budgeted for \$47.7 million with \$41 million in expenditures to date.

## Measure M ~ Completed Projects

### Boiler Replacement Phase 2:

The Long Range Capital Needs Plan and local bond Measure M included funds to improve utilities infrastructure at American River College. This project improved HVAC infrastructure within the Central Utility Plant at ARC. This project removed and replaced boilers, pumps, associated piping and automated controls. Measure M contributed \$946,184 to this project.

### Natomas TAP Phase 2 & 3:

The long range capital needs plan and local bond Measure M included funds to construct parking associated with the expansion of the Natomas Center. This project developed parking at an adjacent vacant lot at the corner of Del Paso Blvd and Via Ingoglia. This project was a joint venture with the City of Natomas and Natomas Unified School District, however; LRCCD took the lead as the constructing entity. This project added 245 parking spaces. Measure M contributed \$2.2 million to this project.

### New Market Drive Improvements:

This project supported street improvements along New Market Drive adjacent to the American River College Natomas Center. The project improved traffic flow and access to the Natomas Center and the student parking lot expansion completed as part of the Natomas Center Phase II and III. Measure M contributed \$1.1 million to this project.

### Infrastructure for Liberal Arts Modernization (STEM):

This project provided improvements to the underground infrastructure, hydronics and utilities that serve the new Liberal Arts (STEM) building. This project completed the campus hydronic loop and greatly improved the efficiency of our building's heating and cooling systems throughout the campus. Measure M contributed \$7.3 million to this project.

### Liberal Arts Building Modernization (STEM):

This project provided a 36,976 asf new building to replace the Liberal Arts Building. The new building is used for Science, Technology, Engineering and Math (STEM). Measure M contributed \$12.3 million to this project.

### New Swing Space Portable- Liberal Arts (STEM):

This project added 13 temporary housing units to house instructional programs displaced by the demolition and rebuild of the Liberal Arts building. These temporary units were leased at the end of the Liberal Arts construction. Measure M contributed \$1.3 million to this project.

### Corp Yard Relocation:

This project relocated the existing corp yard located near the center of campus to the southern end of campus. The purpose of the relocation was to create ground space in the center of campus to allow for the future modernization of Davies Hall and a future instructional building. Measure M contributed \$640,000 to this project.

### **Central Utility Plant Upgrade:**

This central plant infrastructure project at ARC supported ongoing campus-wide facility improvements and growth. These improvements support new facilities like the new STEM building and the upcoming Tech Voc Expansion and Modernization and Davies Hall Modernization projects, as well as improve overall campus heating and cooling systems by increasing system capacity and efficiency. Measure M contributed \$1.6 million to this project.

### **Infrastructure Projects:**

\$1.1 million was allocated toward completion of an infrastructure master plan and projects at ARC.

### **Stadium Lighting Upgrade:**

This project upgraded the stadium lighting to meet minimum competitive standards. This project utilized existing 70-100 foot light poles in their existing locations and retrofitted with LE Musco light fixtures. The existing electrical infrastructure was utilized and a new lighting controls system was installed. Measure M contributed \$10,000 to this project.

### **Infrastructure - Water Well Replacement:**

This project replaced and relocated a deteriorated water well at American River College. 100% of ARC's domestic and irrigation water comes from a groundwater well system. Measure M contributed \$2.1 million to this project.

### **Infrastructure- Main Storm Drain Extension:**

This project improved the storm drain system at ARC to mitigate flooding on the southern portion of the campus and further protect the campus during major rainstorms. The project utilized \$1.3 million in Measure M funds.

### **Existing Swing Space Portable Modification- Liberal Arts (STEM):**

This project modified existing temporary housing to accommodate specific instructional programs displaced by the demolition and rebuild of the Liberal Arts building. This was a \$201,000 Measure M project.

### **P.E./Athletic Fields Improvements:**

This \$6.5 million dollar project revitalized the campus PE and Athletic fields to maximize the available space and upgrade the facilities. The construction of this project was completed fall 2016.

### **Student Services Addition:**

This \$3.7 million project of Measure M dollars provided the needed space to deliver the support services students require. The construction of this project was completed fall 2015.

### **Culinary Arts Building:**

This \$10 million dollar project is primarily funded by Measure M, with \$1 million in contributions from the Foundation Capital Campaign. The completed project included an instruction laboratory complete with a new kitchen, servery and dining area for the comprehensive culinary program. \$9 million was spent out of Measure M funds.

### **Student Center Modernization and Expansion:**

This \$21 million project funded primarily by Measure M proceeds modernized (replaced) and expanded the former cafeteria, office space and meeting rooms adding 34,701 assignable square feet. The Center opened in spring 2013.

### **Parking Structure and TAP:**

Chronic parking and circulation issues at the College have been alleviated with the construction of a 1,650 space parking garage, as well as other improvements at a cost of \$27.2 million. The project was completed in spring 2013.

## **Cosumnes River College**

### **Measure M ~ Active Project**

#### **Central Plant Upgrade:**

This project is waiting for a final draft of a feasibility study which we expect to receive any day. That study was funded with Infrastructure funds so the project still shows no encumbrances or expenditures. We are also expecting to receive a fee proposal from an architecture firm for the project by end of this week or early next week. The project budget is \$8 million with \$0 expended to date.

## **Elk Grove Center Phase 2:**

This project will construct Phase 2 of the Elk Grove Center. This project scope provides a 15,200 assignable square foot (asf) instructional building adjacent to the existing instructional building. The building will include classrooms, labs, offices and flexible space for students to study and congregate. The projected is budgeted for \$16.6 million with \$15.8 million in expenditures to date.

## **Measure M ~ Completed Projects**

### **Elk Grove Center Phase 2-EVCS Parking Lot:**

This project included construction of approximately 40 new parking stalls including 8 electrical vehicle charging stations (EVCS) and continues the parking upgrades set in the Facilities Master Plan. Measure M contributed \$1,054,866 to this project.

### **College Center MDF Relocation and Fiber Upgrade:**

This project relocated essential IT infrastructure from the basement of the library to the newly expanded College Center. This project improved the equipment's reliability by providing dedicated heating and cooling, reliable and adequate power sources and work space required for maintenance and future improvement. Measure M contributed \$319,034 to this project.

### **Auto Tech Center Modernization/Expansion:**

This project expanded the current Automotive Technology building by 5,280sf by adding eight new automotive bays, a new tool room, flexible teaching space and ADA compliant restrooms to the existing facility. Measure M contributed \$5.2 million to this project.

### **Library Space Repurpose:**

This project reconfigured temporary administrative spaces in the CRC library and repurposed them back into library/student engagement spaces. Upon completion of the CRC College Center, the administrative functions contained in these spaces were moved back into the new College Center, allowing for these areas to be returned to their original library-type function. Measure M contributed \$447,000 to this project.

### **College Center Expansion:**

This project provided a 18,005 ASF expansion to the College Center building. The expansion is used for student services, administration and counseling. Measure M contributed \$21.6 million to this project.

### **Infrastructure to College Center Expansion :**

This project provided improvements to the underground infrastructure – hydronics and utilities- that serve the College Center Expansion. Measure M contributed \$3 million to this project.

### **Portable 76 Removal:**

This project completed the abatement and removal of 5 portables on the CRC campus including Portable 76 adjacent to PE and old temporary housing buildings near the tennis court. These buildings were past their useful life and no longer needed.

### **Infrastructure Projects:**

\$971,000 was allocated from Measure M funds toward various infrastructure projects and for the completion of a master plan to incorporate the infrastructure needs for current and future facilities at Cosumnes River College. To date, all \$971,000 has been expended.

### **Infrastructure-Hydronic Mods & Underground Loop:**

Due to the age and deterioration of the existing hydronic (water) lines serving the Heating Ventilation and Air Conditioning (HVAC) systems, many lines needed to be replaced. Replacement not only reduced water leakage and waste, but greatly enhanced the efficiency of the existing HVAC systems throughout the entire campus. Measure M funds provided \$1.8 million for this project.

### **Elk Grove Center Monument Sign:**

This project provided a new monument sign at the west entrance of the Elk Grove Center. Total project funds from Measure M were \$80,000.

CRC College Center Expansion

### **Stadium Landscaping:**

With the completion of the stadium improvements funded by Measure M and a partnership with Elk Grove Unified School District, this project completes the perimeter landscaping for this multi-use facility. Measure M provided \$235,000 for this project.

### **Art Gallery Space:**

Construction of the Art Gallery space was completed in spring 2015. This completes the campus' comprehensive Fine and Performing Arts facilities. \$2.1 million was funded by Measure M.

### **Elk Grove Center Phase 1 TAP and Off-Site Improvements:**

\$1.0 million was appropriated for transportation, access and parking for the Elk Grove Center and \$2.4 million for off-site improvements including roadways, a lighted intersection, sidewalks, curb, gutters and associated underground utilities. In addition to the \$3.4 million funded by Measure M, the City of Elk Grove funded \$1.3 million. Work started in spring 2012 and the project was completed in fall 2013.

### **Architecture and Construction Programs Instructional Building:**

This building houses one of the signature programs at the college; Architecture and Construction Management, as well as related programs that provide transfer and certificate coursework. The building received platinum LEED (sustainable design) certification in October 2014. The project was completed in fall 2013 at a cost of \$15.7 million, with Measure M providing \$14 million.

### **Physical Education and Athletic Fields and TAP Improvements:**

\$14.9 million was allocated to complete the College's Physical Education and Athletic fields, perimeter landscaping, and parking improvements. Modernization of the stadium and sports fields also accommodated local high school sporting events through a partnership with Elk Grove Unified School District (EGUSD). Community usage is also planned. Total project funds from Measure M were \$13.1 million, with \$1.8 million from EGUSD and \$269,000 from the College.

## **District Office / District-Wide**

### **Measure M ~ Active Projects**

#### **Security Improvements Phase 1A and 1B:**

Because of the tremendous growth in the District, the current key lock system is beyond capacity. The new system will improve the securing of our facilities and be integrated with other safety systems to enhance the safety of our students and employees. ARC and CRC are complete. FLC and SCC are in progress. To date, \$10.9 million has been expended. Budget is \$11.8 million.

#### **Infrastructure Projects:**

\$2.5 million is currently allocated toward various infrastructure projects and for completion of a master plan that will incorporate the infrastructure needs for current and future facilities District wide. To date, \$2.4 million has been expended.

### **Measure M ~ Completed Projects**

#### **Workforce & Economic Development (WED) Facility:**

The District acquired a 28,000 square foot building as part of its plan to relocate programs housed at Ethan Way. However, multiple factors, including the cost to renovate the building and program changes, have resulted in this project being reconsidered. The District's Board authorized the sale of the building at its May 2019 meeting. To date, \$3.7 million has been expended including \$2.6 million in acquisition costs. This project has been sold.

#### **Telecommunications Conversion to Voice Over IP:**

The District's previous telecommunications system was outdated and no longer supported by vendors. This project provided the infrastructure to meet today's communication needs. The total project cost, funded by Measure M, was \$890,000.

#### **Ethan Way Upgrade:**

This project renovated the existing 19,360 square foot Workforce and Economic Development facility at Ethan Way in Sacramento. Measure M included new flooring, painting, casework and other finishes. The project expended \$325,000 of Measure M funds.

## Measure M ~ Active Projects

### Rancho Cordova Phase 2 Parking:

This project will support the Rancho Cordova Center by expanding the offsite parking lot across from Paseo Drive to provide approximately 66 additional parking stalls. The project budget is \$3 million with \$2 million in expenditures to date.

### Rancho Cordova Center Phase 2:

The project was the final project of our \$475 million Measure M bond program. It was preceded by four large bond-funded capital projects that required budget increases to cover significant cost increases in our local construction market caused by the COVID-19 pandemic over the last few years. While we had sufficient local bond funds to complete the design documents all the way through to DSA approval for the Rancho Cordova Phase 2 Center project, LRCCD no longer has sufficient local bond funds to match the State's contribution for the construction phase of the project. As a result, the project will be closed out and any remaining funds will be reverted back to the statewide GO bond program.

### Central Plant Upgrade:

Upgrade of Central Plant heating and cooling quality capacity to accommodate near and long-term building needs. The budget is \$14.8 million with \$11.8 million in expenditures.

### Science 2.1:

This project provides for the addition of 48,900 asf of new Instructional space specifically for Science. Scope of work includes classrooms (8,800 asf), Physical Science (28,900 asf), Faculty Offices (9,400 asf) and Library space (1,800 asf). The projected is budgeted for \$53.2 million with \$46 million in expenditures to date.

FLC Rancho Cordova Center Phase 2

## Measure M ~ Completed Projects

### El Dorado Student Center Expansion:

The project cost of the EDC Student Center expansion was \$2.2 million. The project provided additional study areas and support services space.

### Rancho Cordova Center Phase I TAP and Off-Site Improvements:

\$1.2 million was appropriated for transportation, access, and parking for the new Rancho Cordova Center, and \$1.3 million was allocated for off-site improvements for the Center which is located adjacent to the light rail line.

### Physical Education and Athletics Fields Construction:

This project is one of the elements of Folsom Lake College's master plan. The project provided facilities to support the College's Physical Education and Athletic programs in addition to serving local community needs. Measure M funds were allocated at \$19 million with \$100,000 being funded by the City of Folsom.

FLC Central Plant Upgrade

# Sacramento City College

## Measure M ~ Active Projects

### Swing Space Portable Removal:

This project will remove all remaining swing space portable buildings on Campus except for one building used to house bathrooms and provide storage space. The project budget is \$500,000 with \$6,000 expended to date.

### Natural Science Building (Lillard Hall):

This project builds a new science building to replace the existing Lillard Hall science building. The new building will be used for instruction in general education, biology and chemistry and provides ADA access compliance and adequate HVAC, power, technology and lighting systems to support these instructional programs. The budget for this project is \$42.4 million with \$41.9 million expended to date.

### Mohr Hall Modernization:

This project will provide a 18,048 ASF new building to replace the Mohr Hall Building. The new building will be used for the same programs as are in the current building – Allied Health, Physics and Geology. The budget from Measure M is \$5.9 million, of which \$5.8 million has been expended to date.

### Infrastructure- Mohr Hall Modernization:

This project provides improvements to the underground infrastructure, hydronics and utilities that serve the new Mohr Hall modernization project, the future Lillard Hall modernization project and other adjacent facilities. The budget for this project is \$5.4 million.

## Measure M ~ Completed Projects

### Davis Center Phase 2:

This project constructed the phase 2 instructional building at the Davis Center. The cost for phase 2 is \$13.4 million, funded with \$5.6 million from Measure M and \$7.8 from the State.

### Infrastructure Projects:

\$193,700 was allocated toward completion of a master plan that will incorporate the infrastructure needs for current and future facilities at Sacramento City College.

### Davis Center TAP Phase 2:

This project provided transportation, access, and parking expansion and improvements related to the phase 2 instructional building. Measure M funded the entire \$883,000 for this project.

### Electrical Switch Gear Replacement:

This \$2.1 million project replaced and/or refurbished the main electrical switch gear. The main electrical switch gear is the point of connection to the electricity supplier (SMUD) and is the electrical distribution point to all the buildings on campus. The previous switch gear was outdated and needed to be replaced and/or refurbished to insure reliable electrical power to the campus.

SCC Mohr Hall

**Infrastructure- Hydronic Modifications:**

Due to the age and deterioration of the existing hydronic (water) lines serving the Heating Ventilation and Air Conditioning (HVAC) systems, many lines, valves, and controls needed to be replaced. Replacement reduced water leakage and waste, as well as greatly enhanced the efficiency of HVAC systems throughout the entire campus. The project cost was \$3.3 million from Measure M funds.

**Swing Space Portable - Mohr Hall:**

This project provided temporary portables used for instruction during the replacement of Mohr Hall. Measure M funded this project at \$410,000.

**Swing Space Portable Modification- Mohr Hall:**

This project provided for the modification of existing temporary housing to accommodate specific instructional programs displaced by the demolition and rebuild of Mohr Hall. The project cost was \$454,000.

**Rodda Hall North 3rd Floor Remodel:**

This project relocated two existing programs (photography and electronics) to new and renovated facilities and developed multiple classrooms for mathematics. The project cost was \$2.9 million. The project was completed spring 2016.

**Student Services Modernization and Expansion:**

\$10.8 million was spent for the modernization, expansion, and consolidation of Student Services programs for the College. The construction was completed spring 2015.

**Lusk Aero Remodel:**

The remodel of the Lusk facility provided improvements for the College's electronics education program. The cost for this project was \$1.7 million.

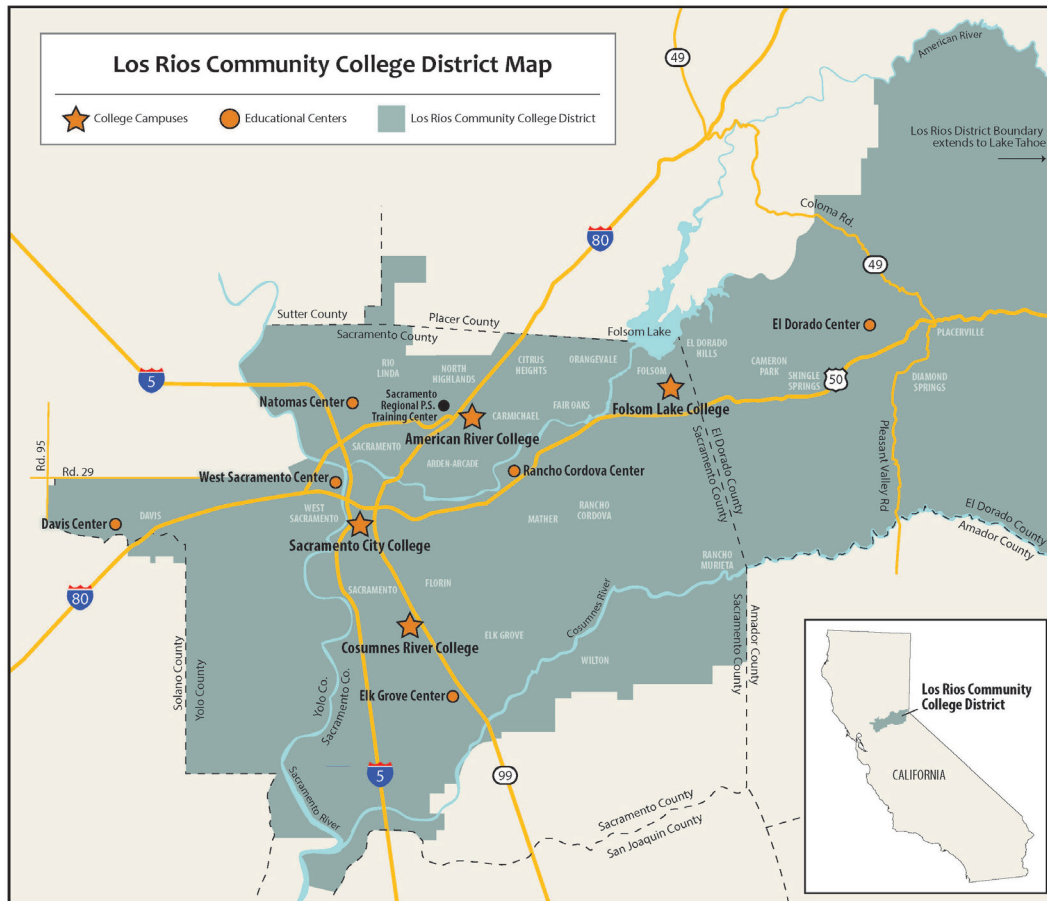

**Hughes Stadium Modernization:**

This facility has historic significance to many Sacramentans. It has long been used by the Physical Education and Athletic program at the College as well as for high school and community athletic events. The modernization was necessary to meet seismic, ADA, and other requirements as well as to update facilities constructed in the 1930's. Measure M contributed \$13.1 million.

**TAP Improvements:**

\$1.3 million was appropriated for the final phase of transportation, access and parking improvements at Sacramento City College. This included ADA improvements, pedestrian access improvements, and lighting improvements in various parking lots.

## About the Citizens' Bond Oversight Committee

On April 17, 2002, the Los Rios Board of Trustees approved the creation of a Citizens' Bond Oversight Committee to ensure compliance with all Proposition 39 requirements and established bylaws under which the Committee operates. The committee members are volunteers from throughout the community who donate their time to meet three times a year, generally in July, December, and March. Los Rios Community College District appreciates the time and commitment of our members' service to Los Rios. All committee meetings are open to the public and meeting minutes and reports can be found on the Los Rios Community College District website at [www.losrios.edu](http://www.losrios.edu).
