

## **LRCFT report to the LRCCD Board of Trustees**

**May 13, 2026**

The LRCFT continues to negotiate with the district to renew our contract for another three-year cycle.

The LRCFT recently participated in a CFT Higher Ed. conference. We attended organizing and negotiations workshops with UC faculty.

The LRCFT organized a group of faculty and partnered with the CFT on April 15 for a lobby day at the Capitol.

The LRCFT PAFC has met several times this semester and continues to endorse local and statewide candidates for the June primary.

The LRCFT held our annual picnic on May 7 at *Drakes: The Barn*, and invited LRCEA and the Los Rios trustees to join us. I want to thank trustees Colette Harris-Mathews and Kelly Wilkerson for attending.

The LRCFT provided financial contributions to the five affinity-based graduations for Los Rios students this month, and also sponsored the Math Integration Bee at American River College.

The LRCFT organized a panel presentation for CFT's statewide *One Faculty Week* last week to showcase the common employment interests of full and part time faculty.

The LRCFT is sending 16 delegates to the AFT biennial convention in Washington D.C. in July.

The LRCFT held a fundraiser yesterday at our union hall for our endorsed candidate, ESL faculty member Oranit Limmaneeprasert. She is retiring in the summer and will join the Los Rios board as a new trustee after the November election.

Thank you!
