Purpose of Authorization

- Focuses bond dollars on modernizing aging classrooms, labs, and student spaces.
- Replaces outdated buildings and systems to keep campuses functional and safe.
- Addresses today’s facility needs before they become more expensive problems.
- Supports student success by updating spaces for current programs and services.

LOS RIOS COMMUNITY COLLEGE DISTRICT

Accountability Has Been Proven

- For nearly a quarter century, our Community Bond Oversight Committee (CBOC) has routinely reported that Los Rios is meeting the obligations voters approved under Proposition 39.
- Annual financial and performance audits have never resulted in a finding or modified opinion.
- Every bond dollar has been used for brick-and-mortar facilities projects, even though the law allows certain staffing costs.
