CRC

- **September 2026 Classified Senate Meeting:**
  - Chancellor Powell joined our September 9th Classified Senate meeting for a meaningful conversation with CRC's Classified Professionals. He addressed questions submitted in advance through a survey, allowing our Classified staff to share the topics and issues they most wanted to hear about from our new Chancellor.
    CRC President Dr. Edward Bush also joined us to welcome Chancellor Powell back to Cosumnes River College. His return was especially meaningful, given his history with CRC as a former student, faculty member, and administrator.
    The Classified Senate Executive Team, Senators, and Classified staff thoroughly enjoyed and appreciated the opportunity to spend time with Chancellor Powell and learn more about his vision and priorities for the Los Rios Community College District.
    We look forward to welcoming Chancellor Powell back to a future Classified Senate meeting.
- **Fall 2026 Classified Professional Development Day:**
  - The Classified Senate, in collaboration with the VPSS and VPA offices and the CRC Professional Development Committee, is pleased to host our Classified Professional Development Day, featuring engaging presentations and activities focused on financial literacy, health and wellness, CRC campus trivia, and more!
    Thanks to the generous sponsorship from SchoolsFirst Federal Credit Union, we're able to offer PD Day and lunch to our Classified professionals.

FLC

- **September 2026 Classified Senate Meeting:**
  - The Student Health & Wellness Center (SHWC) presented and shared about mental and physical health services available to students. The goal is for the Classified Senate to work with SHWC to have Classified Staff connect more students to their services. They also shared about health resources for Classified Staff such as the Employee Assistance Program.
- **General Update:**
  - There will only be 1 outside graduation ceremony at 9AM for Spring 2027 graduates. Admin's goal is to rely less heavily on just having Classified Staff support and have all departments be closed for the ceremony too.
- **Professional Development (PD) Opportunities:**
  - Administration will be providing funding for PD opportunities for Classified Staff, including for the Colegas Conference and Gathering of the Senates.
- **Classified Feedback Survey Results:**
  - Classified Senate sent out a survey to all Classified Staff asking what they want the Classified Senate's priorities to be. The top 3 results were 1) opportunities to socialize/connect with each other, 2) Spring Retreat, and 3) newsletter. So, as a Senate, we formed subcommittees to execute these goals.
