

1.0 Staff Participation

- 1.1 It is the policy of the District to encourage maximum participation of all college personnel in planning for construction and alteration of facilities, so that buildings and grounds may best reflect the needs of the educational program of the college.
- 1.2 Suggested changes in the design of a facility project that is under development shall be presented to the designated college coordinator. The request shall be reviewed prior to submitting the recommendation to the District's facility planning staff.
- 1.3 Suggested changes in the design of a facility project that is under construction shall be presented to the designated college administrator, or the district facility planning staff for consideration. The impact of the proposed change shall be evaluated considering education program needs, cost considerations and construction timelines or delays.

2.0 The District's education plan(s) or specific program plans shall be an integral part of the District's facility planning activity.

3.0 The Chancellor shall develop facilities planning regulations.
